# SCULPTURE GARDEN

## CALL FOR ARTISTS TO PARTICIPATE

### INSTALLATION COMPETITION PRIZE MONEY €1000

Boomerang Festival celebrates creativity and sustainability. Through a special area called Sculpture Garden, we aim to recognize the talent of individuals who can turn ordinary 'repurposed material' into extraordinary works of art using recycled materials.

This will be an installation competition where the artists will showcase their talents and Festival attendees will have three days to admire the sculptures and cast their votes for their favourite piece.

The winner will be recognised with a prize of €1,000 sponsored by Malta Daily.

# CAMPING AND WELLBEING PROGRAMME

Ta' Qali National Park will be home to 3 days of magic with magical people and there's no better way to experience the festival than to join other like-minded campers and music lovers.

The camping experience is an exclusive benefit reserved for a limited number of attendees. Boomerang Festival 2024 is all about reconnecting with nature, music, and art, and we can't wait to share this unforgettable journey with you.
